

Says

What have we heard them say?
What can we imagine them saying?

Thinks

What are their wants, needs, hopes, and dreams?
What other thoughts might influence their behavior?

To minimize the usage

To save for future

it's very excess

To achieve more production

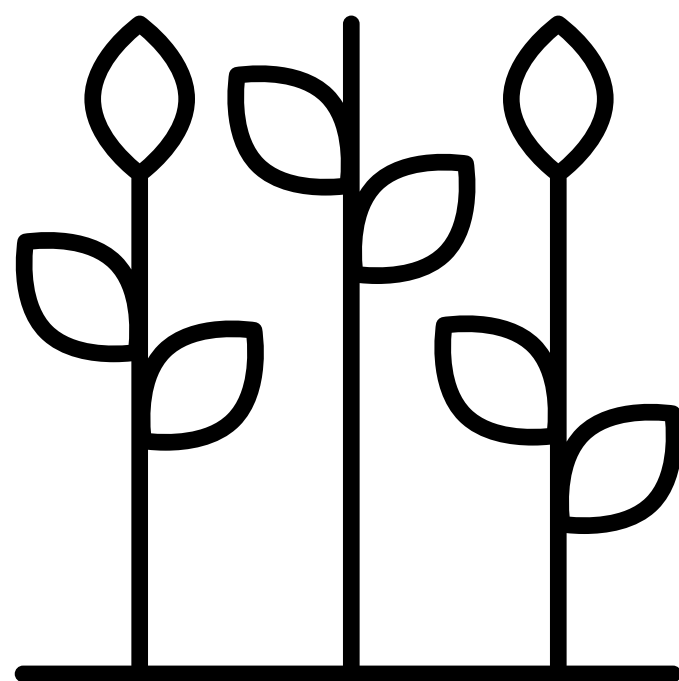

input + output = productivity

Less knoeledge

working projects with my team mates

manufacturers want least price

best quality

others feel must be proud

more hardwork

fulfill with their production

feels happy

Does

What behavior have we observed?
What can we imagine them doing?

Feels

What are their fears, frustrations, and anxieties?
What other feelings might influence their behavior?
